

**Dear Parents,**

**This week we are working on being a good friend.**

**Please take five minutes to talk about friendships with your child. You can use the example below to guide the discussion.**

*"Do you know what a friend is?"*

*"Someone you like to spend time with and have fun with."*

*"How do you know someone is your friend?"*

*"We get along, are nice to each other and have fun."*

*"How can you be a good friend?"*

*"I can share, take turns, and use nice words."*

*"What do you like to do with your friends?"*

*"Play..."*

**We have also included a Friends Worksheet for your child to complete at home. The completed worksheet can be hung on the Refrigerator, wall, or door.**
